Europäischer Fonds  
für regionale Entwicklung  EFRE.NRW  
Investitionen in Wachstum  
und Beschäftigung

## Starting Point:

Key Challenges, e.g. Green Transition, requires pooling of resources  
One way to tackle this: SYNERGIES

## The mission of the project 'Synergien.NRW':

Creating synergies between regional and European research and innovation funding under the theme 'healthy living and sustainable energy'

- Our selected fields of innovation for Synergien.NRW:

Health

Food

Energy

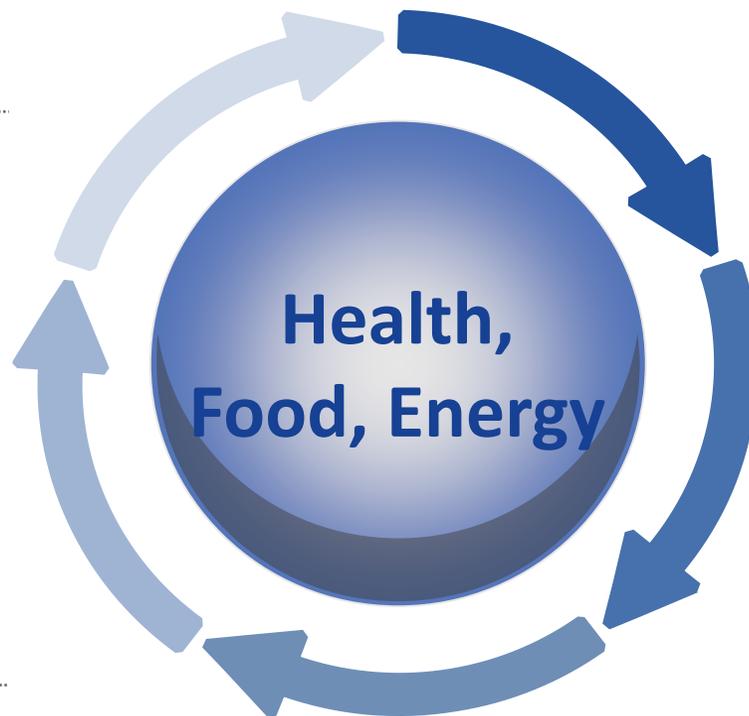

## What we are doing:

- We provide orientation for concrete synergies in the funding landscape (e.g. to drive the Green Transition in NRW)
- We develop guidelines for science, research and industry and provide advice through targeted information, support and consultation
- We demonstrate how synergies lead to faster and better research and innovation results

**Synergien.**

### 5 Political Dimension

Institutional requirements, legal framework, participation and steering by stakeholders

### 4 Regional and European Networking Activities

Round-tables, workshops on funding synergies, interregional exchanges between NRW and partner regions

### 3 Strategic Consulting

Consulting on applications for funding programs (Horizon Europe), integration in European partnerships

### 1 Analyses of Strategic Research and Innovation Topics for NRW

for example green hydrogen, digitalisation in medicine and sustainable food industries

### 2 Identification of Relevant Organisations and Actors

Discovering through potential analyses, workshops, funding databases (Horizon Europe, ERDF), cluster initiatives
